The following description of activities follows the structure of the Child-friendly Accountability methodology. The activities are grouped into three pillars: Assessment, Analysis and Action.

**PILLAR 1: ASSESSMENT**
- Introduction workshop and child protection training
  - Selected children
  - Parents, teachers, NGO workers, etc.
  - Identifying child protection policies
  - Engaged children identify child protection policies (formal and informal) in their setting
  - Making child-friendly versions of child protection laws and policies
  - Guidance for facilitating all activities is available in the Toolbox

**PILLAR 2: ANALYSIS**
- Mapping child protection actors
  - Children will: be introduced to the child protection system
  - Identify formal and informal child protection actors
  - Interviewing child protection actors
  - Children will: understand their role and mandate
  - Analyzing and reporting on gaps and bottlenecks
  - Children will work together to:
    - analyze child protection system
    - identify gaps
    - identify bottlenecks
  - Sharing findings
  - Engaged children will share their mapping of child protection systems and their analysis with peers, as well as parents, teachers, etc.

**PILLAR 3: ACTION**
- Action plan to address protection gaps or bottlenecks
  - Engaged children will identify one change that would strengthen the child protection system and
  - Inform them about the protection issue identified and the chosen solution to focus on
  - Mobilize peer and community support
    - Mobilize the support of teachers, parents, peers, etc.
    - Children, with the support of their peers and communities
      - Prepare an action plan
      - Implement it

Note: Public information campaigns run throughout the project.
