

ChildFund Alliance calls for immediate response to Syria chemical attacks

April 06, 2017

ChildFund Alliance is horrified at the use of chemical weapons in Idlib, Syria. Dozens of people, including children, died and countless more were injured in what is believed to have been an attack by government forces.

ChildFund Alliance is calling for the UN Security Council to meet urgently and conduct an immediate impartial investigation into this attack.

“We demand justice and accountability for the victims,” said Meg Gardinier, Secretary General of ChildFund Alliance. “It’s time for the international community to come together to prevent the deadly abuses in Syria’s war.”
