ChildFund BOLIVIA**

--

SOCIO LOCAL	Chua Chambi	NÚMERO ID:	2399
ÁREA DE INTERVENCIÓN	Village 38	DEPARTAMENTO	La Paz
COMUNIDADES AFECTADAS	Tarquiamaya, Siqui community	CANTIDAD FAMILIAS AFECTADAS	4
FECHA DEL EVENTO	March 8th, 2018		

2. Detalles Beneficiarios Afectados y/o Potencialmente a ser Afectados de ChildFund:

After the Tarquiamaya river over flooded on March 6th, 4 families are the most critical affected, the water increase destroyed salt production from 10 enrolled families, 4 of them also lost personal belonging when water flooded their small homes.

These 4 families lost clothes, mattresses, blankets, school material and dried food supplies; one of those four families lost their bedroom, a precarious adobe construction that collapsed completely.

None personal injuries were reported.

Detailed families information is:

Family Tipo, with 3 enrolled children.

Family Quelca with 1 enrolled child.

Family Sarzuri with 1 enrolled child.

Family Sarzuri with 3 enrolled children.

3. Descripción de la Situación de Emergencia

Tarquiamaya is a small village surrounded by 2 rivers, in January their community authorities requested Municipal government help to strength defensive walls for rivers. Their municipal government gave them trucks and tractors but they needed diesel.

Community authorities asked for funds to ChildFund Bolivia to buy diesel and work on that preventive action. 4000 BOB (575 US\$) were approved by Country Office.

However, in March 6th, the river over flooded affecting the village salt production and, 10 enrolled families lost their salt production. Four of those ten families also lost personal belongings and several damages in their homes.

The place is still flooded with mud. Affected families are forced to move to their relatives' houses and the local school.

6. Acciones de Resguardo y Precautorias

ChildFund Bolivia approved 4000 BOB (575 US\$) to buy diesel in January after community authorities requested it. The diesel is for trucks and tractors to strength defensive walls for river Tarquiamaya.

In March 6th, despite the preventive work, the river over flooded affecting 10 families, 4 of them lost their personal belongings and had to move to their relatives' homes and the local school to sleep.

7. Acciones de Respuesta Inmediata

Local Partner staff is collecting principal needs from four affected families. Communication is not fast due to remoteness of the village, there is vehicle transportation only twice a week and cell communications is almost inexistent.

Once ChildFund knows more detail about immediate needs will evaluate funds allocation.

8. Coordinación Interinstitucional

Municipal and local government is responding to community authorities request of help, however, this help is not coordinated with ChildFund.
