Situation Report [8]
Coronavirus – [India]
[4 July at 10.00 Hours]

[Point of Contact – Bharat Nayak, Program Manager email bharat.nayak@educo.org]
[Date 3 June to 03 July 2020]

Part 1: The Overall Situation

(already included in IMT reports) NO NEED TO FILL

Part 2: The Situation in Areas Where Educo/ChildFund Works

The overall situation is tense due to widespread Coronavirus pandemic across the country. Maharashtra state (Educo's operational areas) is the most affected state in India where 187,000 confirmed cases identified out of total 646,924 cases India as on 3rd July.

Lockdown period has extended till 31 July across the country with some relaxation in movement and business activities. In the state of Maharashtra, most of the activities are restricted because of widespread coronavirus specially in Mumbai and Pune cities where Educo has office and operation areas. The Maharashtra state government allowed private sector/NGO to operate with 10% capacity of staffs. Educo has around 11 staffs which means only one staff is allowed to go to office. It is also not permitted in red zone areas which means Educo can't reopen the office till 31 July.

As on 3rd July the status of Corona cases is highlighted below.

- Confirmed cases 646924 (187,000 from Maharashtra State -Educo's operational areas and 80,262 in Mumbai city)
- Active cases - 227439
- Hospitalized- 106,668
- Recovered- 379,891
- Fatal- 18,213

<https://www.mohfw.gov.in/> <https://bing.com/covid/local/india>

- What issues are children, families and communities in these areas facing? (closed schools, home confinement, food shortages, safety concerns, health issues, etc.)
 - **Lack of food stuffs-** All of our implementing partners mentioned that after lockdown parents are not able to work and feed their family, children are on risk of malnutrition.

The government is trying hard to distribute food materials but not able to manage across the state or the materials are not enough for families. On the other hand, parents are not able to buy from the market because they don't have money to pay.

- **Lack of health facilities**- health facilities in rural areas are very poor and not able to screen and respond to the larger population. It is difficult for health worker to get right information and aware people and provide proper health care facilities if this spread more widely in coming days.
- **Lack of education services**- Now children are at home for long period and not engage in any education activities therefore, parents are concerned about their children's education.
- How many of our beneficiaries and families are affected?
 - All most all population across the country are affected by this pandemic because of home quarantine, lack resources, lack of awareness to protect themselves, restricted movement, almost collapse of livelihood of opportunity for more than 90% population.

Part 3: Educo/ChildFund's Preparation, Response and/or Recovery action

- Planned, desired or ongoing response action – inside or outside current operational areas. (just mention it. It will be further developed in a separate template)
 - Five emergency response projects approved to support 6165 venerable families in our operation areas. All the projects have completed emergency response activities. A total 6165 families were provided with food and hygiene materials. Please see below table of beneficiaries for covid response projects implemented.

| Partners | project code | Targeted areas | # families | # of families | beneficiaries | | | | | | |
|--------------|--------------|------------------------------|-------------|---------------|---------------|-------------|--------------|--------------|---------------|--------------|--------------|
| | | | | | Boy | Girls | Total | Male 18+ yr | female 18+ yr | Total adults | Grand Total |
| STCI | IN2037 | Pune, Pimpri | 1400 | 1400 | 556 | 844 | 1400 | 3500 | 3500 | 7000 | 8400 |
| Prerana | IN2035 | Mumbai Slum areas | 375 | 375 | 750 | 750 | 1500 | 375 | 375 | 750 | 2250 |
| Pratham | IN2029 | Velhe Block of Pune district | 600 | 600 | 600 | 600 | 1200 | 600 | 600 | 1200 | 3600 |
| MSSWS | IN2033 | Palghar District | 1290 | 1290 | 1290 | 1290 | 2580 | 2580 | 2580 | 5160 | 7740 |
| Kalapandari | IN2025 | Latur and Beed Districts | 2500 | 2500 | 2500 | 2500 | 5000 | 5000 | 5000 | 10000 | 15000 |
| Total | | | 6165 | 6165 | 6296 | 6584 | 12880 | 12055 | 12880 | 24110 | 36990 |

- All partners followed the guideline from health department and ensure throughout distribution process use of mask, hand gloves, sanitizer, etc for staffs engage in the process. Educo team provided coordination support to partners.

- Who are we partnering or collaborating with to provide our action?
- What kind of response activities or interventions are being provided? What support are needed (or have been collected/distributed)?

Covid 1st Phase response is completed

- How is Educo/ChildFund linked with humanitarian coordination structures, i.e. in which clusters or working groups do we participate at country level?
 - Our partners diligently worked with local government authorities to identify the needs and distribute materials together with them.
 - UN Humanitarian architecture is not active specially such clusters/working groups
 - Most of the response managed by government systems together with some of NGOs
- Next steps
 - Work on modification of existing projects in order to secure funding for covid response and continue partnership.

PROGRAM STATUS

- **Projects funded by internal and/or sponsorship funds**

| - Project N ^o | Not affected | Low/medium incidence (ej. activities in suspended schools/communities, with the possibility of extension) | High Incidence | Expected response (if relevant) |
|---------------------------------|--------------|----------------------------------------------------------------------------------------------------------------------------------------------------|----------------|--------------------------------------------------------------------------------------------------------------|
| IN1793 CORO | | Medium- Schools are closed, all activities are suspended in schools until 31 st July | | |
| IN1826 Masoom | | Medium- Schools are closed, all activities are suspended in schools till 31 st July | | |
| IN1792 Sponsorship- MatruSchaya | | Medium - Schools are closed, key staffs are working closely with community and local government on awareness raising. Most of the staffs are local | | Completed Implementation of covid response project- distributed food and hygiene materials to 1290 families. |
| IN1832 MatruSchaya | | Residential center and Schools are closed. The children and parents are at their home. All activities are suspended till 31 st July | | |
| IN1829 Pratham | | Medium- Schools are closed, all activities are | | Completed Implementation of |

| | | | | |
|-------------------------|--|------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| | | suspended in schools till 31 st July | | covid response project- distributed food and hygiene materials to 600 families |
| IN1731 Pratham | | Medium- Schools are closed, all activities are suspended in schools till 31 st July | | |
| IN1902 E4D Pratham | | Medium- Schools are closed, all activities are suspended in schools till 31 st July | | |
| IN2012- Sanmaan-Prerana | | Medium - Schools are closed. Children from Ashram schools are sent to their home. | The children who live on the streets and communities do not have the luxury to adopt any safety measure. For example; due to the lack of toilet facilities and water they do not wash hands with soap frequently. Also they cannot provide sanitizers | Completed Implementation of covid response project- distributed food and hygiene materials to 400 families in Mumbai city |
| IN1727 Sponsorship STCI | | Medium- Schools are closed, all activities are suspended in schools till 31 st July | | Completed Implementation of covid response project- distributed food and hygiene materials to 1400 families in Pune District |
| IN1828 Saksham STCI | | Medium- Schools are closed, all activities are suspended in schools till 31 st July | | Completed Implementation of |
| IN1903- E4D STCI | | Medium- Schools are closed, all activities are | | conducting online activities e.g. |

| | | | | |
|--------------------|--|----------------------------------------------------------------------------------------------------------------------------------------------------|--|--------------------------------------------------------------------------------------------------------------|
| | | suspended in schools till 31 st July | | follow-up with team, mentoring session |
| IN1937 Kalapandari | | Medium - Schools are closed, key staffs are working closely with community and local government on awareness raising. Most of the staffs are local | | Completed Implementation of covid response project- distributed food and hygiene materials to 2500 families. |

- **Externally funded projects**

| Project No | Not affected | Low/medium incidence (ej. activities in suspended schools/communities, with the possibility of extension) | High Incidence | Expected response (if relevant) |
|----------------------------------------|--------------|-----------------------------------------------------------------------------------------------------------|----------------|--------------------------------------------------------------------------|
| IN1814 Masoom Barcelona Council funded | | Medium- Schools are closed, all activities are suspended in schools till 30 June | | Planning to have online classes, starting online enrolment campaign soon |

- **Advocacy and communication actions at network and platform level**

Regional and CO communication and program team closely working with implementing partner to ensure propose documents (case studies, photo and videos, banner, poster) of covid response projects for visibility. Closely working for training of project implementation team to ensure advocacy and communication related activities. See blow link for social media post related to covid response activities.

- **Number of estimated cases of infection in the communities where we sponsor and have projects (if available)**

No information

- **Possible sources of funding**

Apart from Educo internal, there is very limited possibility of receiving funding from external donors

- Provide information about potential sources of funding for these emergency response efforts using the chart below.

| Donor | Projects | Amount (Euro) | Requested? (Y/N) | Confirmed? (Y/N) |
|-------|----------|---------------|------------------|------------------|
| | | | | |
| | | | | |

| | | | | |
|--|--|--|--|--|
| | | | | |
|--|--|--|--|--|

- **Budget**
 - Outline if there is any need of internal project reorientation (in terms of budget and activities) or any extra budget needed
 - **2 Projects modification has completed and 6 are ongoing.**

- **Media/Communications**

NO NEED TO FILL.
This information will be informed through IMTs

- **Program support needed or requested from HO – whether onsite or remote.**
